

Model Shown: **KB043** with heavy-duty polished base

Kirby Bariatric Task

The Kirby Bariatric Task chair provides additional support and a roomier seat, while offering the same ergonomic features and benefits as the standard Kirby Task chair. Furthermore, by utilizing the same design principles as the standard chair, the Bariatric version can be incorporated seamlessly into broader schemes.

Standard Features: -

- Heavy-duty 3-lever mechanism provides independent control of seat height, seat tilt and back rake.
- Ratchet-operated backrest allows for simple adjustment of backrest height.
- Extra high back and larger seat provide exceptional support.
- Choice of no arms, fixed arms, height adjustable arms or folding arms.
- Heavy duty polished 5-star base.
- Suitable for persons up to 180kg (30 stone).
- Huge choice of fabrics.
- 5 year guarantee.

Optional Extras: -

- Inflatable lumbar support.
- Adjustable headrest.
