

Model Shown: **LRM042** with black 5-star pyramid base

Largo Mesh Task

The Largo mesh back task seamlessly combines comfort and style. The sleek mesh backrest provides all-day comfort by promoting airflow and supporting ergonomic posture, while the synchronized mechanism supports natural body movement and posture shifts. Furthermore, its sleek, modern appearance will elevate the look of any workplace.

Standard Features: -

- Synchronised body balance mechanism provides effortless support.
- Free-float or lockable in five positions with return prevention safety system.
- Tension fine-tune control allows the chair to be tailored to each individual user's preference.
- Breathable mesh backrest for year-round comfort.
- Adjustable lumbar support to ensure precise support.
- Large seat and back to suit a wide variety of users.
- Choice of no arms, height adjustable arms, height adjustable & foldaway arms or multi-directional arms.
- Choice of white, black or polished aluminium 5-star pyramid base, with 60mm castors as standard.
- Suitable for persons up to 150kg / 23.5 stone.
- 5 year guarantee.
